Fees	
Transaction Fees • Balance Transfer • Cash Advance	None 2% of transaction amount, \$2.00 minimum; \$10.00 maximum
Penalty Fees • Late Payment • Returned Check Fee	Up to \$35.00 \$20.00

How We Will Calculate Your Balance:

We use a method called "Average Daily Balance (excluding current transactions)" for purchases*
We use a method called "Average Daily Balance (including current transactions)" for cash advances**

*Average Daily Balance (excluding current transactions). To avoid incurring an additional Interest Charge on the balance of purchases reflected on your monthly statement, you must pay the New Balance shown on your monthly statement on or before the Payment Due Date. The grace period for the New Balance of purchases extends to the Payment Due Date. A portion of the Interest Charges for a billing cycle is computed by applying the monthly Periodic Rate to the "average daily balance" of purchases. To get the average daily balance, we take the beginning balance of your account each day and subtract any payments, credits, non-accruing fees, and unpaid interest charges. We do not add in new purchases. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

** Average Daily Balance (including current transactions.) The Finance Charge on cash advances begins from the date you obtained the cash advance, or the first day of the billing cycle in which it is posted to your account, whichever is later. There is no grace period. Calculate the Finance Charges for a billing cycle by applying the monthly Periodic Rate to the "average daily balance" of your account. To get the average daily balance, we take the beginning balance of your account each day, add any new cash advances, and subtract any payments, credits, and non-accruing fees. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

Your account must be open and in good standing to receive the year-end cash back offer.

**Put your business dollar to work for you.
Apply today and automatically be enrolled in the Cash Back program!**

Here's how it works ...

Cash credits are accumulated based on net retail purchases made using your Iowa State Bank Credit Card. Credits are valued and accrued based on the following grid:

Yearly Purchases (June - May)		
Over	Up to	Cash Back Reward
\$0	\$1,000	.25%
\$1,000	\$2,000	.50%
\$2,000	\$3,000	.75%
\$3,000	unlimited	1.00%*

* Earn up to \$750 annually.

Cash credits are calculated monthly when your account is in good standing, and you'll receive an update in your monthly statement. Purchase returns will decrease your calculated credits.

Your Cash Back reward will be applied to your statement annually in June, if your account is in good standing. If your account is not in good standing (i.e., cancelled, terminated, delinquent or otherwise not available to use for charges) at the time of distribution, your Cash Back reward will be forfeited for that year.

Cash Back credits are not exchangeable or transferable.

Pay nothing to be a part of this rewarding program!

This program may be modified, suspended or cancelled at any time without restriction or penalty. Cash Back credits may be forfeited due to violations of these rules. This program is void where prohibited or restricted by law. You are responsible for any federal, state or local income or other taxes.
