What was the largest bill ever?

The largest bill ever printed by the Bureau of Engraving and Printing was the \$100,000 gold certificate. On it was Woodrow Wilson, the 28th president of the United States.

About 42,000 of the bills were printed between 1934 and 1935. They were only used for large transactions between Federal Reserve Banks.

Did you know?

Did you know that it costs money to make money? It costs about 11 cents to produce bills from \$5 to \$50. It costs money to make coins, too. Check out how much each coin costs to make!

- Penny: 4 cents
- Nickel: 14 cents
- Dime: 6 cents
- Quarter: 15 cents

Fun for Free!

Here are some fun things to do this winter without spending money!

1. Play a board game
2. Do a craft, like making paper snowflakes
3. Make a blanket or box fort
4. Have a movie marathon
5. Look at Christmas lights
6. Fix a puzzle

3-Jar Method

Learn how to use your money wisely by using the 3-Jar Method. If you receive money, divide it among three categories: Save, Spend, and Share.

The "Save" jar is a good way to learn how to save money towards a goal. The "Spend" jar contains money meant for short-term expenses, or wants or needs. The "Share" jar is money set aside for sharing with others in need.

Parents...

Did you know that your child can purchase a CD at a special rate with a minimum deposit of \$250? Ask an Iowa State Bank representative for more information.

Did you know?

The oldest bank in the world, located in Italy, was founded in 1472! That's over 550 years!
